Hardwoods: Lengths from 10' and up, max. DIB @ large end = 25", min. DIB @ small end = 5" (no pine, cedar, cypress)	\$32.75/cord (5350 lbs/cord) Add approximately \$2.00 per cord for each additional 20 miles from mill <i>Same</i> \$32.00/Cord Add approximately \$.50/Ton for each 20 - 25 additional miles from mill	Regions II & III
Wood Chips	Due to the fact that an "average" chip price is almost impossible to determine, we are no longer going to report chip prices. We feel that a report which does not reflect an approximate price in most areas of a given region is more harmful than no report at all.		

* Specifications vary with individual industries.

** All prices are regional averages and are delivered prices unless otherwise specified. They are subject to change and will vary locally. (A "+" indicates an increase since our last bulletin, and a "-" indicates a decrease.)

*** Region I - East Tennessee; Region II - Middle Tennessee; Region III - West Tennessee

NOTE: The above information was taken from a survey of randomly selected wood-using industries across Tennessee.
